

SIDEWALK IMPROVEMENT PROGRAM

The City of Auburn will assist property and business owners to replace public sidewalks by providing grants for part of the cost of eligible improvements. This is a reimbursement program.

Required Attachments

The following items must be attached to the application form:

- ☐ Sidewalk improvement plan (drawing to scale and photos helpful)
- ☐ Detailed cost estimate for sidewalk replacement with brickwork from licensed contractor

Eligible Improvements

New sidewalks that include brick.

Eligibility: Property Owners

Grant funds for this program are only available to owners of commercial properties located within the Downtown, Old Town or midtown areas, as defined by the boundaries outlined on the map in Attachment "A." All grant awards are subject to available funding.

The grant amounts will be based on fifty percent (50%) of the project cost. Program will also pay for half of City of Auburn fees (encroachment permit, Historic Design Review). The City will be responsible for any tree removal and replacement costs.

Application Process

Improvement must comply with all City codes and standards. Completed applications should be submitted to the Business Development Coordinator, 1225 Lincoln Way, Auburn, CA 95603. If complete, grant application will be approved/disapproved within 30 days of receipt by City. All improvements must be completed within two (2) months of City approval of the application, unless a written extension is granted by the City.
